Vorzüge

schweizerzug richtet Transportpreise am Markt aus

Die aktuell bestehenden Marktpreise werden übernommen und weitergeführt. Die Preise wurden vereinfacht und werden nur noch nach Grösse und nicht mehr zusätzlich nach Tonnage unterschieden.

schweizerzug bedient alle Rotterdam-Terminals zum gleichen Preis

Alle Terminals in Rotterdam werden zum gleichen Preis angefahren. Entsprechend werden via Hub Duisburg die Maasvlakte I mit ECT Delta und APM1, Maasvlakte II mit APM2 und RWG, Euromax und RSC Waalhaven zu gleichen Preisen angeboten. Einzig die entstehenden Kosten beim Terminal RSC werden zusätzlich verrechnet.

schweizerzug bietet 10 Tage lagergeldfrei am Terminal Frenkendorf

Die Lagerung der Container im Terminal in Frenkendorf ist die ersten 10 Tage lagergeldfrei. Dies gilt als Einführungsangebot bis zum Fahrplanwechsel am 11. Dezember 2016.

schweizerzug verzichtet auf die Erhebung des CAF

Es wird kein zusätzlicher CAF (Currency Adjustment Factor) auf den Transportpreis gerechnet. Dies wird mindestens bis zum Fahrplanwechsel am 11. Dezember 2016 entsprechend gehandhabt.

schweizerzug bietet LKW ab/nach Frenkendorf günstiger an

Das Terminal Frenkendorf befindet sich hinter/vor der Stadt Basel und kann entsprechend zu günstigeren Tarifen angeboten werden.

schweizerzug ermöglicht Exportbuchung und -abfahrt gleichentags

Ein bis 12 Uhr gebuchter Container kann, sofern noch Kapazitäten vorhanden sind, bis 17 Uhr angeliefert werden und wird gleichentags noch transportiert.
